

SPEECH THERAPY SERVICES

The Rehabilitation Department at JTDMH has a simple goal: to promote injury prevention and rapid recovery by restoring our patients to their fullest possible function in the least amount of time.

Speaking and swallowing are an integral part of everyone's life. Without these we cannot express ourselves or eat and drink properly. Speech Therapy is here to get you back to doing these tasks correctly, or to get your child to do it correctly for the first time. Speech Therapy wants to get you back to living so your voice can be heard.

OUR MISSION

is to always provide
— now and in the future —
high-quality, low-cost, sensitive healthcare
that is properly housed, equipped and staffed
to meet the primary, acute and rehabilitative health
service needs of the Grand Lake Region.

SPEECH THERAPY

Speech Therapy is dedicated to evaluating and treating patients with neurological and developmental problems of all ages. Once referred to speech therapy, each patient is evaluated by a licensed speech therapist and an individualized treatment plan is developed.

Our therapists utilize a wide variety of modalities and activities to assist in returning each patient to their optimal function. Throughout the treatments, patients and families are educated on their difficulties and a Home Program is developed to enhance treatments and accelerate achievement of goals.

SPEECH THERAPY OFFERS A WIDE VARIETY OF SERVICES INCLUDING:

- Acute Injury Rehabilitation
- Pediatric Therapy
- Neurological Rehabilitation
- Geriatric Rehabilitation
- Voice Therapy
- Home Health
- Swallowing Evaluations
- Dysphagia Rehabilitation including swallowing and feeding problems

HOURS OF SERVICE

SPEECH THERAPY CLINIC HOURS

Monday through Friday 10am to 6 pm, except
Wednesdays 8 am to 5 pm

During these hours, patient evaluations and treatments are performed. Patients may also call or walk in to schedule appointments.

Full evaluations for speech therapy for language, swallowing and voice problems can last about 1 hour with follow-up treatments scheduled for 30 minutes to 1 hour depending on each patient's need.

Call 419-394-3397 extension 3508 for an appointment

Access to speech therapy services is through the Dialysis and Rehabilitation entrance on the east side of the hospital (200 St. Clair Street). Travel through the double doors and turn left to enter the Rehabilitation Department for speech therapy services.
