FormFox Ordering

Simplify your collection process and eliminate errors

Grand Lake Health Systems Occupational Health has partnered with FormFox to streamline your drug screening process through a free, secure online ordering system.

This fast and convenient tool allows employers to authorize drug tests entirely online—simply print or email a barcode-enabled form to the employee. The form is then scanned at the clinic for quick processing.

With FormFox, you can easily track the status of each test from start to finish. It also supports multiple lab collections, making it a flexible solution for your workplace testing needs.

FormFox works with the following labs:
